# Solid Color STOCKED MELAMINES

**STEVENSWOOD**  **STEVENSWOOD**  
Changing the World of Surfaces

The full line of Artika by Stevenswood is available as part of our coordinated surfaces line with Perfectly Matched: Board and Edgebanding. Expect consistent color, pattern and a more durable surface from USA Made Stevenswood products. Artika is a wide linear embossed texture that is available in 23 on trend woodgrain patterns. Feel good about your design and manufacturing choice – core materials that are 100% recycled with no added formaldehyde core materials. Our Rain Texture is a more narrow linear plate texture available in 2 colors – available on the same great core and manufactured in the USA.

**DURAMAR** 

The warm, and tactile properties of Satin Matte delight the senses with their soft touch texture. Our selection of warm whites and cool greys complement a wide range of styles and look stylish paired up with woodgrains. A subtle texture that you can not help but talk about after its touched.

**AMERICAN LAMINATES**  **AMERICAN LAMINATES**

Our cabinetmakers preferred panel! Neutral solid colors in a classic smooth texture. American laminates AMPINE NAF AMLAM M2 is an industrial grade core that was developed specifically for machining. If you have not tried it you will immediately recognize the difference in how smooth it cuts. No added formaldayde (NAF) is standard in every panel, not an extra charge or specification you need to ask for.
