# NITRO Collection

An evolution to Innolac super matte technology. The Nitro Collection by Salt Intl. features UV lacquered panels with a Nitrogen finish creating the most luxurious velvet soft touch super matte you have experienced. Nitro is antifingerprint and antimicrobial and features a soft flat surface that is as consistent and reliable batch to batch as the colors it offers. As with our Innolac UV High Gloss collection our 9 Hour water resistant hydro-core comes standard so you can rest assured from under sink cabinets, to upper cabinets next to a steaming stove they will remain the same for years to come.
