## PRODUCT FEATURES

- Authentic reclaimed wood: Poppa's Barn reclaimed wood is the real deal, sourced and processed in Southern California. Each board is sun-kissed for 30+ years, resulting in gorgeous, you-can't-make-this-up reclaimed wood.
- Easy to clean: Each board of Poppa's Barn reclaimed wood is clear-coated.
- Sustainable: Poppa's Barn reclaimed wood takes the old and makes it new again, involving a special process that reduces waste. Poppa's Barn is conscious of the environment and plants one tree with every order through a partnership with a non-profit.

## APPLICATIONS

Create the create-able: Poppa's Barn reclaimed wood is designed to be installed with finish nails, not peel and stick application. Because of this, each board is 1/2" thick. Whether applied to the backside of a kitchen island or used in commercial settings, Poppa's Barn reclaimed wood has endless custom opportunities.
