Reclaimed EMBOSSED VENEER

Real reclaimed white oak timber with the advantages of premium workability and deep surface texture. These rustic veneers come in three natural weathered colors and three different surface embossing options to choose from. Embossed depth ranges from 0.5mm-3.5mm deep and comes prefinished in a touchable matte finish.

SURFACE STRUCTURES

STRUKTUR-BOARD

This veneer is ideal for uniform surfaces. The 0.5mm deep embossed grain texture has a pleasing hand feel while keeping an overall flat surface.

SURFACE
Ideal for Flat Surfaces
Contemporary matte finish

FORMAT
1mm Thick Veneer
2800 X 1250 mm / 110 x 49 in
***Soon coming as 20mm thick 4x10' panels*

DIAMANT

This veneer was cast from the outer layer of 50 year old barn. The original texture of that same barn was cast and pressed onto this real reclaimed lumber to create a reliable and touchable surface. The perfect choice for a uniform surface with moderate texture.

SURFACE
Moderate Texture
3-D embossed surface free of splinters

FORMAT
4mm Thick Veneer
2980 x 1250 mm / 117 x 49 in
***Soon coming as 20mm thick 4x10' panels*

DIAMANT 2.0

Our deepest texture. This veneer takes the same natural texture of DIAMANT to the next level. With an even deeper embossing (up to 3.5 mm deep) this visually striking texture is complimented by indirect lighting highlighting the highs and lows of the grain.

SURFACE
Deep 3.5mm Surface Texture
Deeper 3-D embossed surface free of splinters

FORMAT
4mm Thick Veneer
2980 X 1250 mm / 117 x 49 in
***Soon coming as 20mm thick 4x10' panels*

PRODUCT FEATURES

- Waste optimized large format
- Embossed real wood veneers
- Cracks & knotholes filled for premium workability
- Smooth and splinter free
- Matte finish
- Matching Edgebanding Available
- ** *Soon coming as layed-up panels*
