

**MEGANITE®**  
Acrylic Solid Surface

## IDEAL SURFACING SOLUTION FOR TODAY'S NEW NORMAL

### Features & Benefits

#### HYGIENIC & NONPOROUS

Does not support growth of mold, mildew or bacteria and is stain resistant. Meganite is safe for food preparation and is certified by NSF. Suitable for spaces where hygiene is essential.

#### EASY MAINTENANCE

Easy to clean and does not require sealing or special products for maintenance.

#### INCONSPICUOUS SEAM

Seamless surface joints with no crevices to trap bacteria and dirt.

#### HEAT RESISTANT

Heat resistant but avoid direct heating on surface.

#### THERMOFORMABLE & VERSATILE

Can be thermoformed, molded, routed and shaped to accommodate both vertical and horizontal applications.

#### DURABLE AND EASY TO REPAIR

Tough, durable material to withstand intensive daily use. Meganite can be easily renewed and restored to its original appearance after heavy wear and tear.
