

Hello Team,

As we close 2020 I want to take this opportunity to reflect over this past year. This was another unprecedented year we've endured. We have certainly faced some challenges this year with team members getting COVID-19, being shorthanded a lot, our team members working remotely faced their own challenges and shut downs. The loss of Ed Garcia is still hard for me to accept. The Vegas team has always ran the smoothest of all the branches. Kudos to you! Even with the loss of Ed the transition of Joe at the helm the Vegas branch continues to run extremely well. Great teamwork!

The fact that we never closed due to COVID-19 and are considered an essential business is an absolute blessing. Yes we've had to endure some challenges but I always say, it makes us more resilient.

I want to thank you all for all your hard work and keeping Peterman Lumber healthy. You are what makes PETERMAN LUMBER! You are very appreciated!

May God bless you this coming year. Have a safe and enjoyable New Year Holiday.

We just purchased a sheet of wood to build a desk. The customer service here is excellent. Stephanie in the office was super nice and very knowledgeable about the different types of wood and products. Joe in the warehouse was extremely accommodating and kind. We wanted a piece of wood pretty far down in the stack and he was happy to get it for us. We had a great experience today. Quick, professional, and very friendly.

First time in Peterman's Lumber. Selection is amazing, but my 5 stars goes to Brian in the yard. Personable, helpful, polite and made us first time novices feel comfortable. High 5 to Brian and his mad fork lift skills!!

I needed a small amount of zebra wood for a couple of table tops I was making and Peterman was the only place on so cal that had any. Not only did they have some but they were accommodating enough to bring a lift for me to pick through. Matt was very helpful and patient, the material was almost all straight and flat. My client is so happy with the finish product.
