## WATER RESISTANT TEXTURED WOODGRAINS

Saviola by Salt is our premiere panel series that has the widest variety of in demand linen textures and woodgrains selected specifically for the southwest market. Saviola earns this title because of its manufacturing process that uses hardwood particles in the core that are formed together with resin – giving it amazing durability and screwholding - but also it's 13 hour water resistant core. When these materials are made into doors with PUR adhesives **you have a door** you will not have to worry about delamination in a steamy bathroom or upper cabinet over a stove.

### SAVIOLA COLOR OPTIONS:

## COORDINATED MATERIALS

### BOARD

- SHEET SIZE:  
83-5/16" x 110-1/4"
- THICKNESS:  
8mm (5/16"), 19mm (3/4"),  
16mm (2/5") - Linens only
- CARB2, 13 Hour Water  
Resistant Core
- Double-sided woodgrain  
texture

### HPL/SKIN

- SHEET SIZE:  
60" x 120"
- THICKNESS:  
.7mm (1/32")

### EDGEBANDING

- LENGTH:  
54FT, 328FT
- THICKNESS:  
1mm
- WIDTH:  
23MM, 43MM, 65MM
- BANDING: ABS

### DOORS

AVAILABLE IN 3 STYLES

5PC

3PC

SLAB

Completely custom door  
and drawer solutions.
