# Nitro Supermatte

## 9 HOUR WATER RESISTANT

Scan here to see  
product details from our  
Peterman website.

An evolution to Innolac super matte technology. The Nitro Collection by Salt Intl. features UV lacquered panels with a Nitrogen finish creating the most luxurious velvet soft touch super matte you have experienced. Nitro is antifingerprint and antimicrobial and features a soft flat surface that is as consistent and reliable batch to batch as the colors it offers. As with our Innolac UV High Gloss collection our 9 hour water resistant hydro-core comes standard so you can rest assured from under sink cabinets, to upper cabinets next to a steaming stove they will remain the same for years to come.
